

ACHIEVEMENT

Microsoft Azure Certified Data AI Track

Techionista Academy 2022 - 2023 Amsterdam

- Designed and implemented a scalable cloud data platform for Formula 1 data, leveraging Azure technologies and Lakehouse architecture. Enabled historical data analysis, identification of dominant drivers/teams, and standardized BI reporting for driver and constructor standings.
- Conducted comprehensive financial data analysis for a bank, utilizing Python libraries including Pandas, NumPy, Matplotlib, and Seaborn. Identified key patterns and relationships, providing valuable insights to optimize the bank's loan issuance process and inform decision-making..
- Successfully designed and developed a personal portfolio website (<https://rosienhn.github.io/>) using HTML5 Design, showcasing skills and projects.
- Successfully completed a Data Engineer project by constructing a cloud-based Lambda Architecture to handle telemetry data at the Vendee Globe race. The architecture incorporated components an Event Hub for data collection, a Stream Analytics Job for real-time and batch processing, Azure Data Lake for data storage, Synapse serverless pools for batch calculations, and a Power BI dashboard for comprehensive data visualization.
- Successfully completed a Data Analysis project focused on analyzing diverse types of travelers and their feedback regarding Techionista Holidays. Utilized Azure Cognitive Services for sentiment analysis and Power BI for data visualization, providing valuable insights to enhance Techionista Holidays' website and improve their ability to meet the needs of their users.

Branch Manager

Xu Noodle Bar Eindhoven 2021 - 2022 Eindhoven

- Cultivated language and communication skills through contact with international customers.
- Learned to be adaptable in response to unexpected situations and devising new plans in response to the challenges posed by the Covid-19 pandemic and other unforeseen circumstances, create innovative solutions to overcome obstacles.

Intensive Dutch Language Study

University of Amsterdam 2020 - 2021 The Netherlands

- Clocked 600+ hours of intensive Dutch study including 200 hours of group coaching.
- Raised fluency level from beginner (A0) to intermediate (B1) in 8 months.

Sr. Payroll Consultant| Business & Project coordinator | In-house HRIS Support

Talentnet Corporation | KCS Management & Consultancy 2012 - 2017 Vietnam

Talentnet was originated from the HR Services unit of PwC Vietnam, Local payroll partner of ADP Streamline in Vietnam.

- Managed and delivered end to end implementation of Payroll Outsourcing & HR services - from Business process mapping to User acceptance HRIS testing (requirements verification and validation, parallel HRIS test running and gap analysis, HRIS interface analysis) and Client on- boarding.
- As a payroll consultant, I managed monthly payroll preparation and distribution in a multi-client environment. I worked closely with HR, Finance, vendors, and tax authorities to address payroll issues. My responsibilities included reviewing wages, ensuring accuracy, administering fringe benefits, maintaining records, preparing reports, and managing payroll taxes.
- Data integration/ migration from internal/ external sources to the new HRIS system: Being a member of HRIS implementation team.
- Achievements:**
- Volunteered to take challenging jobs in both technical side and consulting areas, I demonstrated swift adaptability in different roles in HR, business development and consultation area.
- Promoted to Senior Consultant level after 1 year of outstanding performance and complimentary from regional clients for effective response and insightful consultation.
- In charge of more than 100 client accounts when my Project Manager took the 6-months maternity leave. Quickly gained new skills such as project management, negotiation skills, and multitasking after 6 months of self-study.

C&B Executive

FPT Corporation 2010 - 2012 Vietnam

Successfully manage monthly payrolls & related payroll reports using People Soft (Oracle) for 500 employees in a timely and accurate manner despite being a fresher

ABOUT ME

As a dedicated and goal-driven professional, I possess a strong aptitude for swiftly grasping new concepts and efficiently applying them. I genuinely thrive on acquiring fresh knowledge and staying up-to-date with the latest trends and tendencies. My key strengths lie in my unwavering dedication and ability to work harmoniously within a team, complemented by a B2B mindset. I take immense pride in consistently delivering exceptional quality and actively collaborate to share knowledge and address inquiries.
